

Option 1: Non-powerline side

Field Maple
Acer campestre

A compact deciduous tree, up to 8m in height. It has a rounded, dense canopy of bright green foliage that turns yellow in autumn. This tree tolerates a wide range of soil and climatic conditions. This tree is recommended for small verges.

Powerline side

Field Maple
Acer campestre 'Elsrijk'

A smaller Maple, up to 7m in height. It has a rounded, dense canopy of bright green foliage. This tree tolerates a wide range of soil and climatic conditions. This tree is recommended for small verges and approved under powerlines.

Option 2: Non-powerline side

Bottlebrush Gawler Hybrid
Callistemon 'Harkness'

An evergreen tree, up to 6m in height, with weeping foliage and red brush-like flowers that appear for a short time in spring. This tree will tolerate a wide range of soil and climatic conditions. This tree is recommended for small verges and approved under powerlines and is bird attracting. Local example: York Terrace, Salisbury.

Golden Rain Tree
Koelreuteria bipinnata

A deciduous tree, up to 8m in height, with a spreading canopy. Bright yellow flowers appear in summer. This tree is tolerant of a range of climatic conditions. It is recommended for small to medium verges and approved under powerlines. Local example: Atlanta Avenue, Ingle Farm.

Street Tree Renewal Program

Community Information

Bye Street, Parafield Gardens

To register your vote for which options you prefer for your street, scan here using your mobile phone or smart device:

or visit: www.salisbury.sa.gov.au/treeprogram

If you have any questions, please contact the project team on 1300 67 65 03 or consultation@salisburytrees.com.au

Timeframe

Consultation closes 5pm Friday 27 September 2024, please provide your vote and comments by this date.

Tree removal works are being coordinated to occur over Summer 2024/2025 with planting scheduled for Autumn/Winter 2025.

The City of Salisbury **invites you to vote** for which street tree species will be planted within your street.

Please find enclosed information relating to proposed tree species, trees to be removed, trees to be retained and new plantings.
