

Declaration under Section 19 Local Nuisance and Litter Control Act 2016

Pursuant to Section 19 of the Local Nuisance and Litter Control Act 2016 (the Act) the City of Salisbury (or delegate) can exempt a person from the application of Section 18- Causing a local nuisance, in respect of a specified activity if the Council for the area (or delegate) in which the activity is to be carried on declares, by notice in writing, in accordance with this the Act section, that the person is so exempt.

This declaration has been considered and issued to the **Applicant** for the purposes of the following specified activity:

- construction or demolition works;

This declaration can be unconditional or subject to conditions, including (but not limited to) conditions relating to—

- (a) the permitted times or periods of time for carrying on the activity; or
- (b) the manner of carrying on the activity.

Affected properties to be notified:

Residencies in the following affected areas

Notice to be delivered to affected premises prior to event

DRAFT NOTICE (example)

Dear Neighbour and Resident

The City of Salisbury has declared that PJC Construct can undertake construction works at Capital Street Student Stays, 13 – 17 Metro Parade Mawson Lakes, starting at 6am on Wednesday 8th May 2024, and this exemption shall remain in force until 8th December 2024. Although works are to start at 6am, it will also be required that workers arrive at an earlier time to prepare for works. (not construction and no construction will be made).

Please note this activity is not daily and the exemption only applies to the construction activity associated with major concrete pours. The days that the activity will be occurring will be notified as early as possible prior to the event via three (3) community notice boards located on the perimeter of the construction sites.

Council has approved the use of the Notice Boards and please refer to attached plan showing locations. Please refer to these for advice relating to the next early start as another letter will not be issued as per approval from the Council. PJC Construct will also conduct a daily perimeter check to ensure community notice boards are remaining intact and have all the required information for residents to see.

The exemption allows for a start of activities one hour earlier than the permitted time of 7am and it is likely that the event will continue from 6am to approximately 5pm (with an end time of 7pm) and will be the potential source of noise that is likely to interfere with adjoining premises.

Please note that an exemption for construction is not required for reasonable construction noise occurring between 7am to 7pm – Monday to Friday.

If you are affected by the event please contact the responsible persons for this event who will be able to investigate any concerns as they arise and provide feedback to you and they are also required to report all incidents to Council.
