| Other features | Has had a litter of pups previous to entering the pound | | |
| Vaccination Status | Unknown | | |
| Date impounded | 9/02/2025 | | |

About me

Hi I am Heidi, and it's lovely to meet you. I am a girl that is looking for a fresh start to life. I came into pound just after having puppies. I am only a young girl and would like to make a fresh start to life with our help. I am a bouncy energetic girl that loves nothing more than cuddles and attention. I love being with my carers we have heaps of fun together, they are teaching me new things all the time. I sit on command every single time. I do however need to work on my jumping so small kids might find me a bit much for them as I may accidentally knock them over. Older kids preferred but either way some on going training from a force free trainer would benefit me greatly. I have met male and female dogs here at the pound and I was told that I am very social and smile the whole time. So, if you already have a dog at home please ask to bring them with you when you come to meet me so I can meet them too. Can't wait to meet you.
