About me

Hi I am Mischief, no, that doesn't mean I am naughty, it just means I am a very young puppy that likes to get up to puppy things. I promise. I have somehow found my way at the pound and I love playing with the other dogs and my carers but I am kind of hoping I could come to your house and play there. I am a pretty smart cookie, I have some training already happening and I am doing really well. I do listen very well, I give my paw when asked as well as sit, drop, spin. I am still a bit jumpy in between as most puppies are so if you have little children at home I will try and be careful and not bump them over when doing my zoomies. If you have a dog at home already please ask to bring them with you when you come to meet me so that I can meet them too. Well that's enough about me, come and visit me at the pound and let me know about you. I can't wait to see you.
